Lot 163

Treasury Series, John Bradbury, £1, 1917, serial number B/1 810867, admiralty anchor note, To add further to the intrigue of this note, according to the Treasury Note Ledger of the British Library Philatelic Collections, notes within the serial number range B/1 764001-814000, which includes this example, travelled to Russia. While the destination of the vast majority of these "anchor notes" was simply the Bank of England, occasionally parcels were sent abroad to Crown Colonies including Singapore, Malta, Hong Kong or Bermuda, or the British Protectorate of Cairo. Fascinatingly, this set of notes is unique both in having been sent to Russia, and the only to have been sent to a region outside of British control.
